Sir,

I have prepared the report on Software Requirements Specification, Design and Testing of “**School of Programming**” for your approval. This report details the requirements I gathered for the project.

The primary purpose of this report is to summarize our findings from the work that we completed as our Software Requirements Specification and Analysis course project. This report includes the details of each step we followed to collect the requirements.

Sincerely yours,  
Md. Abu Bakar Siddique (BSSE-0609)
